

Meet our lunchtime team

Mrs Wright

Midday Supervisor Assistant

Mrs Wright is a midday supervisor and has been working at Welton St Mary's for seven years and five months. She sets up the hall and the foundation stage area as well as serving the food, cleaning and tidying the classrooms and playing with the children outside. She enjoys seeing the children each day and playing outside as well as serving food. She lives in Welton and is married with three sons. Mrs Wright has adopted two cats and a dog. When not at work, she enjoys going out, shopping and spending time with her family. In the holiday, Mrs Wright likes going to the seaside and enjoys time in her garden. If she wasn't a midday supervisor she would have loved to have been a nurse.

Mrs Batty

Midday Controller

Mrs Batty is our midday controller and has been working at Welton St Mary's since April 2013, so just over 9 years. Her job involves a lot of planning and organizing to make sure lunchtimes run smoothly. She oversees the MSAs do their job and helps serve when needed. Mrs Batty enjoys spending time with the children and seeing them happy and she does not dislike anything about her job. She is married and has two children; a daughter who is 14 and a son who is 13, both came to Welton St Mary's but are now at William Farr. If she wasn't a Midday Controller she would still work with children. As well as this job she runs her own judo club.

Miss Grant

Midday Supervisor Assistant

Miss Grant started working at WTSTM in November 2020. Her job role is to support the children at lunchtime; teaching children about healthy eating and helping to provide a safe environment for all of the children to eat and play. She enjoys everything about her job and when she is not at work, she really enjoys going shopping and spending time with her family and friends. Miss Grant has a little dog called Poppy, two rabbits, two guinea pigs and a fish-called Fish! She lives in the countryside with her mum and dad. She has an older sister and a younger brother. In the holidays, Miss Grant enjoys going on long walks around the countryside with Poppy and relaxing at home. If she was not a midday supervisor, she would have loved to work in a hospital and looking after poorly children as she would love to share her support and help to try and make the children feel better.

Mrs Jacklin

Middy Supervisor Assistant

She is a Middy Supervisor Assistant and has worked here since November 2020. Every day, she comes to school to serve food for year two and for year one. Her favourite thing is being at school around the children and helping them to respect each other and be responsible for their own things. Sadly, she is not able to eat all the scrumptious food that she serves for all the children (especially meatballs). She loves listening to music and spending time with her family and friends. When she is on holiday she relaxes and takes a break. Happily, she will be training to be a teacher in September.

Mrs Salkauskiene

Middy Supervisor Assistant

She has worked at Welton St Mary's for 3 years, her job is serving meals and taking care of children. She enjoys speaking with children and playing with them. She lives with her husband and two children, a boy aged 10 and a girl aged 5. She has a cat named Jerry. She enjoys reading books and going for walks with my family. She enjoys just relaxing at home when she's tired. If she was to be something other than a midday supervisor, she would be an accountant.

Mrs Cao

Middy Supervisor Assistant

Mrs Cao is a midday supervising assistant who has been working at Welton St. Mary's for 7 years. Her job includes serving meals and taking care of the children. She enjoys working at St. Mary's with the children and with the nice staff. She lives with her husband and daughter. When she is not at work she enjoys listening to music and enjoys staying at home during the holidays. If she wasn't a MSA she would want to be a librarian.

Mrs Ball

Middy Supervisor Assistant

She is a dinner lady and she has been working here at Welton St Mary's for 3 years. With her job she serves school meals, looks after children and does playground duty. She likes working with children but she dislikes seeing children grumpy. In her family life she has two grown up children, three grandchildren and a small dog called Poppy. When she is not in school, she likes being with her grandchildren. During the holidays she likes spending time with her family. If she wasn't a doing this job she would still like a job working with children.
