

Scrapbooks

Over the next few months we would like you to work with your child to put together a scrapbook all about themselves. This gives us a valuable insight into your child's world and their interests.

As our first topic is based on getting to know the children, the scrapbooks play a pivotal role in supporting the children to talk to us about people who are special to them, their likes/dislikes and places they have visited. This really helps us to get to know the children personally, allowing us to build relationships, support their individual needs and provide the best possible start for them at big school!

The scrapbooks encourage friendships to flourish as the children look at their scrapbooks together and they help the children's confidence and self-esteem to develop quickly when settling into their new school.

Please bring the scrapbook on their first day of school.

You can be as creative as you wish!

Ideas of things you might like to include:

- Photographs of your child as a baby
- Photographs of where you live and who you live with
 - Photographs with family and friends
 - Photographs or leaflets of places you have visited
- Other photographs such as when they have dressed up, playing in the garden, playing with their favourite toys
 - Pictures your child has drawn / paintings
- Information about them. For example, their favourite food and drink, favourite colour, favourite animal, likes/dislikes
