

### **We want our School to be known for:**

- Building active, responsible and respectful **citizens** that play a valued and positive role within and beyond their school community.
- Providing a **curriculum** that delivers high quality education, preparing children for the real world, regardless of individual background, experience and ability

### **In order for us to realise what we want our school to be known for our 'goals' will be to;**

- Create and communicate a clear aspiration for our school community
- Actively promote and live out our Christian values enacted through our curriculum and school culture
- Create education for wisdom knowledge and skills
- Develop citizens that feel accepted, loved and affirmed through understanding their worth and potential.

### **In order to realise our goals our 'Pupils' need to;**

- Be actively encouraged and supported in discovering their unique talents
- Be able to thrive regardless of their differing needs
- Develop spiritual and emotional resilience

### **In order to realise our goals our 'Staff' need to**

- Have knowledge of best practice and shares ideas within communities
- Actively further the aspiration of pupils
- Model love, compassion and mutual respect across our community
- Celebrate individual differences across our school

### **In order to realise our goals our 'School' needs to;**

- Ensure it is a neighbour within our community
- Confidently articulate, live out and promote our Christian vision
- Set a positive and respectful school culture that holds high standards and expectations
- Be an open and welcoming community that support learning and well-being

### **In order to realise our goals our 'Head Teacher' needs to;**

- Effectively develop and manage staff through distributed leadership and delegation (succession planning)
- Be well informed on best practice and openly share ideas with staff
- Recruit and deploy all resources effectively
- Aim to buoy staff up and maintain a positive working attitude
- Develop in partnership governor a clearly communicated vision to the School

### **In order to realise our goals our 'Clergy' need to;**

- Be of high quality and enrich the community of the school

- Develop effective collective workshop in partnership with our school community
- Actively promote opportunities for our community to live out their Christian values beyond the school

**In order to realise our goals our 'Governors' need to;**

- Set a clear strategic vision built on Christian foundations
- Strategically and effectively use all the School's resources
- Value radical questioning and daring exploration
- Consider the ethical (and moral) implications of policies
- Set and monitor challenging and measurable targets for key aspects of the school
